To Whom It May Concern,

I am writing to recommend **Nakka Mohan Teja**, who worked as a Pre-Doctoral Research Fellow under my supervision in the area of Development Economics and Labour economics. During his tenure, I had the opportunity to assess his research aptitude, analytical ability, and professional conduct.

Mohan demonstrated sincerity, intellectual curiosity, and a strong commitment to his work. He displayed good analytical skills, a systematic approach to research, and the ability to learn and adapt quickly. He was receptive to guidance, worked well both independently and as part of a team, and carried out his responsibilities with professionalism and integrity.

Based on my assessment, I am confident that he possesses the aptitude and dedication required to excel in academic as well as professional environments. I wish him every success in his future endeavours.

Sincerely,

Nalin Bharti
